Welcome

School of the Madeleine is a private Catholic elementary school located in South Clairemont in San Diego. It is the parish school of St. Mary Magdalene Church and is staffed by a lay faculty dedicated to the Catholic education of its students. Our school prides itself on its Catholic identity and robust academics. The skills our students learn and develop during their years at School of the Madeleine set them up for lifelong success.

This handbook is for families and staff to use as a reference throughout their time at Madeleine. Please note that there may be instances that fall outside the scope of this handbook. In these cases, it is the responsibility of the administration to evaluate and make decisions regarding policies. Together, as parents, faculty, staff, and administration, it is our goal to work as partners in the Catholic education of your children.

History of School of the Madeleine

In September of 1957, School of the Madeleine opened with three hundred students in grades one through six. The school was staffed by Sisters of Saint Francis. By 1960 the school expanded to include a kindergarten through eighth grade class, for a total of seventeen classrooms. In 1985, the kindergarten was moved from the main building to the convent building. This new developmental program expanded to offer two kindergarten classrooms and a pre-first class. Two preschool classrooms, for three- and four-year olds, were added in the 1992-1993 school year. In March, 2000, a multi-purpose building was completed. It includes a library, a computer lab, a tutoring room, the advanced math classroom, the faculty lounge and workroom, the janitor's room, a storage room and bathrooms. In 2014, a science lab was completed. In the summer of 2022, the kindergarten remodeled and repurposed an existing space, now used as a science classroom. At the present time, School of the Madeleine offers a full program from preschool through grade 8. There are three preschool classrooms, two kindergarten classrooms, one pre-first classroom, and two classes of each grade from grade one to grade eight.

3. All new students are accepted on a probationary status for one school semester. This period of time is designed to ensure proper adjustment to the school environment and curriculum.

Classroom Placement

The school carefully considers each student's academic, social, and emotional needs when making classroom assignments. Requests for specific teachers, classmates, or classroom assignments cannot be accommodated. Classroom assignments made by the teachers and administration are final.

Attendance

Absences

California compulsory education laws require children between six and eighteen years of age to attend school, with a limited number of exceptions. In the event of chronic absence, the school may notify the School Attendance Review Boards, California Department of Education. Promotion to the next grade level may also be in jeopardy.

Prompt and regular attendance is necessary to be a successful student. Excused absences include illness and medical/dental appointments accompanied by a note from the doctor. When the student returns after a medical appointment, the student must check into the school office with that note. If a student is absent three days or more, a note from a medical provider must be submitted for an excused absence. Excessive absences may result in grades being withheld; a conference with the administration may be required.

Parents will complete these two steps to report absences:

1. Parents are asked to call the school by 9:00 a.m. each day a student is absent. A call or voice message left with attendance is sufficient for this purpose. The school office does not accept emails for reporting absences.
2. Parents are required by law to provide a legitimate reason for the absence by written and signed notice to the school office upon their child's return.

Family Vacations

Parents should arrange vacation plans to coincide with vacations on the school calendar. Vacations that do not coincide with the school calendar are considered unexcused absences. If it is necessary to miss school for trips or family reasons, the parents should discuss this with the classroom teacher and administration. **Homework assignments are NOT provided in advance due to vacations.**

Early Dismissal Procedure

If your child needs to leave school early for an appointment, please notify their teacher by email in advance whenever possible.

For the safety of all students, no child may leave the school grounds during the school day without written authorization from a parent or guardian.

When picking up a student early:

- The parent/guardian, or an adult authorized by the parent/guardian, must sign the student out at the school office.
 - **Grades 1–8:** After the parent or authorized adult signs the student out in the office, the student will be called from the classroom. Students will not be called to the office before the adult arrives.
 - **Kindergarten:** Parents or authorized adults must first sign the student out at the school office and then proceed to the classroom to pick up the child.
- Individuals listed as emergency contacts may not pick up a student for a non-emergency early dismissal unless the parent or guardian has provided permission in advance.
- Any parent or authorized adult who is not known to school office staff will be asked to present valid photo identification.

Returning to School After an Appointment

Students returning to school after an appointment must check in at the school office before returning to class. Parents or guardians should accompany their child to the office upon their return.

To have a late return excused due to a medical appointment, a printed note from the medical provider's office is required.

Participation in School Events

Students must be in attendance at school for the entire school day on the day of the extra-curricular event, if they wish to participate. Extra-curricular activities include after-school sports, clubs, and socials.

Tardiness

It should be a rare occasion that a student is late for school. Parental cooperation is requested in order to keep tardiness to an absolute minimum. Teachers are required to document tardiness as part of their legal responsibilities.

Tardiness is always taken seriously by the school since it involves both a loss of learning time for the tardy student and a disruption of the class.

- Students will be marked tardy if they are not in their classroom by the chime of the 8:05 bell. The student must check in at the school office and will be given a tardy slip to give to their classroom teacher. Students attending morning mass will not be marked tardy but must check in at the school office directly after mass.
- Students arriving between 8:05 a.m. and 9:00 a.m. will be marked tardy.
- Students arriving or departing between 9:00 a.m. and 2:00 p.m. will be recorded as a half-day absent.
- Students leaving after 2:00 p.m. will be recorded as an afternoon tardy.
- Five tardies per trimester will negatively impact the Successful Learning Traits/Responsible Behavior grades. If tardiness persists, a parent-teacher-principal-student conference will take place in order to carefully examine the situation.

Missed Work Policy

School work missed during times of absence is the student's responsibility. Frequent and extended absences will negatively impact academic progress/achievement.

For each day of an excused absence, the student has that many days to complete classwork/homework missed. In this case, assessment makeups will be determined by the teacher. For excused absences, parents should email the homeroom teacher by 9:00 a.m. if they would like to request homework. Homework can be picked up in the office hallway after school is dismissed and before the office closes.

For unexcused absences, the teachers will inform the students in regard to this missed work when they return from their absence. For assessments on material covered prior to an unexcused absence, students will be required to take the assessment on the day they return from their absence. It is the responsibility of the student to arrange with the teacher to make up work and schedule assessments upon returning from the unexcused absence.

In the case of excused or unexcused absences, it is the responsibility of the student to ensure that all make-up work is completed and turned in for credit.

Student Health

Medications

All medications, both prescription (including EpiPen) and over the counter, must be kept in the Nurse's Office, and administered by school personnel only. Children are not allowed to keep any medication with them for self-administration. Medications are not provided for students by the school.

The Physician's Recommendation for Medication Form is required for the school to keep and administer ***long-term prescription medicine*** including ***EpiPen*** to students. This form must be renewed before each new school year if a continuation of medication is needed. Medication kept in the Nurse's Office during the school year is sent home with the student on the last day of school unless a parent requests to pick it up.

Short-term over-the-counter medicine must be identified, either by being in the original package, or in individual dosage units identified by the manufacturer. A note signed by the parents should specify dosage, time to be given, and duration of time the medicine should be given.

Short-term prescription medicine must be in the original prescription container with the child's name, dosage, and times clearly stated. A signed note from the parent should state the time during the school day the medication is to be given.

Long-term prescription medicine must be in the original prescription container with the child's name. A Physician's Recommendation for Medication Form supplied by the Nurse's Office must be completed and signed by the physician and parent and included with the medication.

EpiPen An Allergy Action Plan and Physician's Recommendation for Medication Form must accompany an EpiPen that is kept at school. It is the school's policy that if an EpiPen is administered, 911/ambulance will be called. Students with a nut allergy will be assigned to a nut-free table during recess and lunch.

Illness/Injury

No nurse is on duty at the school, but the office staff may serve in a limited capacity and administer minor first aid. All teachers, administration, and office staff are First Aid, CPR, and AED certified. When a student is injured or becomes ill, the parents/guardians will be contacted. No student will be permitted to go home before this contact is made. If the parents/guardians cannot be reached, and the illness or injury is serious enough to require medical attention, 9-1-1 will be called.

Children who are ill should remain home. Children sent home from school for illness should be picked up within the hour of notification. They will be released only to a parent/guardian or to the person authorized by the parents. **Students should be fever-free and without vomiting or diarrhea for 24 hours before returning to school.**

Insurance

The student accident program provides financial aid in helping to meet hospital, surgical and medical expenses incurred by reason of student injury. The insurance plan covers accidents which occur on school property, at school-sponsored activities, and while going directly to and from school. Should an accident occur, parents will be notified immediately. Insurance forms are available at the school office if you wish to extend your coverage.

Communicable Diseases

Students who have contracted a communicable disease (chicken pox, German measles, measles, mumps, scabies, strep throat, whooping cough, pink eye, impetigo, hand-foot-mouth disease) must be reported to the school office. Students must be no longer contagious and fever free without vomiting or diarrhea for 24 hours before returning to school. Students suspected to have a communicable disease at school will be sent home to be examined and cleared by a medical professional. Parents of those students exposed to the disease are informed of such exposure by email notification. The school is required to report outbreaks of infectious diseases to the county health department.

Lice

Immediately upon detection, parents are required to report any head lice/nits to the school office. School of the Madeleine will enforce a “no nit” policy. Affected students are to be kept at home and treated. Re-admittance to the classroom will require a note from a doctor or professional lice removal company, who treated the child, verifying no lice or nits. Classrooms exposed to lice will be emailed a notification. If parents receive a notification they should immediately inspect their children for lice and continue regular inspection for several days after receiving the notice. Lice and/or nit detection warrants immediate exclusion from school. It is the parent’s responsibility to eradicate the presence of lice/nits from their child and home.

Concussion

Any student who sustains a head injury or exhibits signs of a concussion while at school will be removed from physical activity, monitored by school personnel, and the parent/guardian will be notified. If emergency symptoms are present, 911 will be contacted immediately. Students diagnosed with a concussion must provide written documentation from a licensed healthcare provider outlining any academic or physical activity restrictions. Because the school does not employ a registered nurse, all medical management and return-to-school recommendations must be directed by the student's healthcare provider. Students may not participate in physical education, sports, or other strenuous activities until written medical clearance is provided to the school. Parents/guardians are responsible for notifying the school of any concussion diagnosis and providing all required medical documentation and updates regarding their child's recovery.

Campus Safety

Safety First

Any adult noticing anything that might be considered a danger to any student is requested to report it to the office so that the matter causing concern may receive immediate attention.

Parking

Parents/Guardians are requested to park in the main lot or along the street, observing city parking regulations. The small parking lot in front of Kindergarten is reserved for faculty use only.

- **SPEED LIMIT** on the property and in the PARKING LOT is 5 miles per hour.
- All drivers must follow the directions given by the staff and safety patrol.
- Do not park in designated reserved parking spaces.
- No double parking on Illion Street.
- No U-turns on Illion Street.
- No blocking intersection of Gardena Ave. and Illion St.
- Please be respectful of neighbors and do not block their driveways.

Student Drop-off and Pick-up

Faculty-Supervised drop-off begins at 7:45 a.m. at the school gate and parking lot, for students in first through eighth grades. Kindergarten and preschool students must be walked to their classrooms by their parents.

Student pickup begins at 2:45; students are picked up at the front gate or in the parking lot. Faculty supervision in the parking lot is present for the safety of your children. Please be respectful, follow their directions, and monitor your children at all times. No dogs are allowed in the parking lot.

School Safety Patrol

Students in grades 5 and 6 are chosen to participate in the School Safety Patrol Program, under the direction of the San Diego Police Department. Their job is to control traffic as well as the crosswalk, which is the only place students and adults are allowed to cross the street. Safety Patrol students provide a very important public service. They are to be respected and obeyed by all when on duty. Students or parents who disregard patrol persons or safety rules will be reported to the principal and the San Diego Police officer responsible for monitoring our school.

Bicycles, Skateboards, Rollerblades, E-Bikes

Students in grades 4-8 are permitted to ride their bikes to school. The space between St. Mary Magdalene church and Gardena Avenue is a NO bike riding zone for students. Students must walk their bikes if they are in this zone and on school campus. Bicycles should be placed in the bike rack and LOCKED. The school accepts no liability for bicycle damage or theft. Skateboards and rollerblades are **not** allowed on campus and should **not** be brought to school. It is illegal for children under 12 years old to ride e-bikes.

Security Gate

The front gate remains closed during and after school hours. On school days, it is open briefly in the morning beginning at 7:45 a.m. to allow students to enter and again at dismissal. When the gate is closed, please use the call box. Identify yourself by first and last name to gain access. A sign is posted under the call box with instructions.

Security Cameras

Cameras are installed throughout the school buildings, outdoor areas, parking lots, etc. Camera images are on display in the school, and security camera recordings may be used in the case of an investigation.

Photography

Taking pictures (stills or video) during school hours and during school curricular events will be authorized only through the principal or a teacher. Public posting (i.e. Facebook, Instagram, and like social media sites) is expressly forbidden for any school-sponsored event. Any picture(s) taken on campus by students, especially in bathrooms, will result in serious disciplinary action.

School Visitors

Any person, including parents, who come on campus during school hours **must** report to the school office and receive a visitor's pass **immediately upon entry**. The pass identifies the person as a visitor with permission to be on our campus.

Parents who wish to confer with teachers must make a scheduled appointment and check in at the office prior to the appointment.

Emergency Information

EMERGENCY INFORMATION MUST BE KEPT UP-TO-DATE. Your cooperation in this matter is essential.

Emergency Procedures

Emergency procedures are reviewed annually. School of the Madeleine is prepared to care for its students in the event of a major disaster. School of the Madeleine text alerts are the primary source of information in the case of an emergency.

Emergency dismissal may be made by the principal or a representative if there is a situation that poses a risk to the safety of students. If an emergency occurs outside of school hours, please look out for a School of the Madeleine text alert.

Fire, earthquake, shelter in place, secure campus and lockdown drills are held at regular intervals throughout the school year, or as needed. Parents will be notified in advance when secure campus and lockdown drills take place.

Academic Information

Honesty in Academics

Student work and achievement should be the result of his/her own efforts. Inappropriate testing behavior, copying another student's work, use of artificial intelligence programs, or plagiarism will result in a **zero** grade for any specific assignment and a conduct referral. Students who allow an assignment or test to be copied will receive a zero and a conduct referral.

Access to Student Records

Student records are accessible to parents/guardians in the presence of the principal or a school representative. Records may be reviewed by requesting an appointment with the principal and/or appropriate office personnel twenty-four hours in advance.

Release of Student Records to Schools

A student's official transcript will be sent directly to the requesting school. Official transcripts are not released to parents, guardians, or students for delivery to another school. Parents or legal guardians may request an unofficial copy of their child's records

through the school office. Requests for unofficial records may take up to one week to process. Unofficial records may only be picked up in person by the parent or legal guardian. A nominal fee may be charged for multiple copies of records requested for the same student.

Standardized Assessments

Students take online assessments in the Fall, Winter, and Spring to measure their reading and math progress using Renaissance Star Reading and Renaissance Star Math. Star Assessments provide teachers with reliable and valid data to drive their instructional practices. Results are shared and communicated with parents. A Readiness Test is administered to students entering kindergarten. Students entering 1st-7th grades are given an entrance test. The ACRE (Assessment of Catholic Religious Education) is administered to grades 5 and 8.

Homework

Homework is assigned to reinforce concepts and skills that have been presented in class, train the student to work independently and to accept responsibility, and to help students plan ahead. Weekend homework may be given. This may also include long-term projects which foster the student's creativity and self-discipline through enrichment and independent projects and/or research. If, on occasion, a student cannot finish their homework in the time given due to special circumstances, a note from the parent with an appropriate explanation may be accepted to grant an extension on the deadline.

Parents are urged to make sure that their child(ren) has a comfortable, quiet and organized place to study; sets the proper amount of time aside each day for homework assignments; and finishes all assignments on a consistent basis.

In general, families can expect to spend the following amount of time on homework each school day:

- Grades 1-3: 20-40 minutes per night
- Grades 4-5: 45-60 minutes per night
- Grades 6-8: 90-120 minutes per night

Probation

All new students are on probation for the first semester. A student may be placed on probation for a relatively serious offense, for continuing serious academic deficiency or for continued misconduct after warnings.

Promotion/Retention

Only those students who are developmentally ready and complete the work of a particular grade level in the basic skills areas shall be considered for promotion to the next grade.

Retention of a student occurs only after (a) due consideration is given to all the facts

related to the student's development and progress, and (b) timely consultation between the teachers, parents, and principal.

Withdrawal for Academic Reasons

Certain students may be given a recommended transfer on academic grounds if it is believed that the school cannot meet their individual needs or the student is clearly unable to profit from school work due to lack of ability or emotional instability.

It is expected that students involved in after-school sports have met the minimum requirements with regard to their studies, effort, and behavior at school. As such, these extra activities are an extension of, not a replacement for, the basic responsibilities for one's studies, behavior, and effort in school. Eligibility lists come from the Athletic Director's office.

To be eligible for after-school sports, the students are expected:

1. To not have any S(Seldom) for Student Learning Traits for grades K-3

3. To maintain their school work at a C- average (70%) or better in each subject area.
4. When a student does not meet the criteria for eligibility during the regular season, the student is suspended from the first practice and first game in the week. Ineligibility begins immediately. After that, the student will be

re-evaluated weekly as needed.

Discipline

Classroom Management/Assertive Discipline

In order to effectively carry out our philosophy regarding discipline and create a positive learning climate, we base our approach on assertive discipline. Assertive discipline is the basic belief that all of our students can behave appropriately in class and at school. We have established certain rules and consequences dealing with the issue of discipline in each of our classrooms. Specific classroom rules, rewards, and consequences are outlined and discussed at the beginning of the school year.

A student enrolled at Madeleine assumes the personal responsibility for his/her conduct. Each student is obliged to be considerate and respectful of classmates, teachers, and all adults. Students are asked to accept this opportunity to become a part of the school community by fully respecting the rights and privileges of all the other members of the school community. The basic attitude of respect characterizes the actions of the student toward himself/herself, other students, teachers, custodians, visitors, guests and principals.

The School of the Madeleine student is expected, therefore, to conduct himself/herself according to the principles of Christian and civic behavior. Each student is expected:

1. To be honest in all dealings with other students, teachers and school personnel.

2. To cooperate positively with classmates, teachers and school personnel.
3. To respect the rights and the value of each individual person on the school premises or at school-sponsored events and functions.
4. To obtain permission from the proper authority for the use of any of the school facilities or materials.
5. To comply promptly with the directions of the school officials.
6. To be courteous, attentive and respectful when classmates, teachers, visitors, administrators or speakers address individual classes or the assembled student body.
7. To be responsible for the care of all materials loaned to the student for the course of studies during the year.

School Rules to Maintain a Safe and Comfortable Environment

Students are required:

1. To follow the published dress/grooming code and to be in complete school uniform while at school.
2. To play in assigned areas, in a manner that is safe for everyone, to keep the playground neat and clean by using the trash cans for litter.
3. To walk their bicycles while on campus and be sure that the bicycles are locked.
4. To return all borrowed equipment and materials on time and in the same condition as they found them.
5. To walk (not run) in the hallways and breezeways.

Students are not allowed:

1. To be in the classroom without teacher supervision.
2. To use the office hallways to “cut through.”
3. To eat or play in the restrooms.
4. To chew gum on campus.
5. To engage in gambling at any time.
6. To show inappropriate affection on campus.

Types of Discipline

Warning

Notice to the student that continuation or repetition of a specified behavior may be the cause of other disciplinary action.

Detention

Disciplinary action is administered by the teachers or principal for the violation of school regulations. This action may last from one to five days. Notices of detention will be sent home. Detention can be held during lunch or after school. Parents will be notified concerning after school detentions. They may occur on the day of the offense. Medical emergencies/appointments are the only acceptable reason for a delay. Sports participation is not an excuse for missing a detention on a specific date.

Conduct Referral

A student will receive a conduct referral for a serious infraction. All conduct referrals are handled by the principal, vice principal, or teacher. Conduct referrals may be filed in the student's permanent file. A conduct referral lowers a student's responsible behavior grade by at least one letter grade. A parent's signature on a conduct referral is considered an acknowledgment of receipt, not an agreement with the accusation or the punishment. Refusing to sign does not pause, cancel, or reverse the school's disciplinary process.

Suspension and Expulsion

Students who seriously or habitually disrupt the learning environment of the school or interfere with the learning process of other students are subject to serious disciplinary action. This action may result in either suspension or expulsion. Suspension is the physical exclusion from classes and loss of student privileges for a definite period of time. Expulsion is permanent termination of student status at School of the Madeleine with no possibility of re-admission to the school. In all cases of disciplinary action, the student's viewpoint and explanation will be sought.

Due to the seriousness of expulsion or suspension, these consequences will be used, in most instances, after concerted efforts have been made to address inappropriate behavior. These efforts, in most situations, will include written documentation of the procedures used by the school, including parent-administrative conferences, which explain both the nature of the undesirable behavior as well as the actions taken to modify the student's behavior. Parents are informed of the suspension in written form from the principal and are asked to make an appointment to speak with the principal prior to the reinstatement of the student at school. Work and assignments missed are the total responsibility of the student to make-up when he/she returns to school.

Students may be suspended or expelled without benefit of the above outlined procedure for certain offenses that have an immediate and severe impact on the school, staff, or other students. The kind(s) of behaviors that constitute this kind of action may include, but are not be limited to:

1. Infliction of or threatened physical injury to another person (see Student Threat Policy).
2. Possession or use of controlled or illegal substances such as alcohol, drugs, and tobacco (including electronic cigarettes and vape pens).
3. Possession of any device that may be used as a weapon.
4. Theft or damage to property of the school, another student, visitors or school personnel.
5. Indecent or obscene conduct or language while at school or at a school sponsored event.
6. Leaving the campus during the day without permission, or habitual truancy.
7. Dishonesty, cheating, or plagiarism.
8. Actions gravely detrimental to the moral and spiritual welfare of other students.
9. Disruptive or incorrigible behavior which impedes the progress of other school

children.

10. Threatening another student, teacher, or school personnel.

11. Drawings or photos of weapons.

12. Possession of firecrackers or stink bombs in any form.

Transfer on Grounds of Parental Behavior

Normally a child is not to be deprived of a Catholic education or otherwise penalized for the actions of parents. However, in rare instances, parents may so persistently and overtly refuse to cooperate with the school staff, policies, regulations, or programs, or may so seriously interfere in matters of school administration or discipline as to significantly reduce the school's ability to serve their children. In these cases, the child(ren) will be asked to leave.

School Policies

Child Abuse

Any teacher or other school employee who suspects that a child's physical or mental health or welfare may be adversely affected by abuse or neglect shall report to the Police Department or the Department of Social Services, Child Protection Services.

Harassment Adult to Adult

Harassment in any form, including sexual harassment, is prohibited. Any person who believes that he/she has been the object of harassment or has witnessed such behavior should notify the principal immediately. The principal will contact the Office for Schools or the Office for Human Resources for Diocesan procedures on Harassment and Sexual Misconduct.

Harassment and Bullying

The school affirms the Christian dignity of every student. It is the policy of the diocese to provide an educational environment in which all students are treated with respect.

Harassment, a serious offense, occurring at school or online, including sexual harassment, in which an individual is subjected to treatment which is hostile, offensive or intimidating because of the individual's race, creed, color, national origin, physical ability, or gender is prohibited. Engaging in racist, sexist, or harmful speech will result in a suspension.

A charge of harassment shall not, in and of itself, create the presumption of wrongdoing. However, acts of harassment will result in disciplinary action up to, and including expulsion. Students found to have filed knowingly false or frivolous charges will also be subject to disciplinary action up to, and including expulsion. Depending on the nature and extent of the charge, if reasonable suspicion of misconduct is determined, the parents of the alleged harasser will be called to take the student home pending the conclusion of the investigation by the school. Disciplinary action for Harassment will follow the Student Discipline Policies.

STUDENT THREAT POLICY AND PROCEDURE

1. Any and all student threats of harm to self or others must be taken seriously.
2. Whoever hears or learns of the threat will report it to the principal immediately.
3. Police will be notified immediately.
4. The parents/guardians of the student who has made the threat will be notified immediately.
5. The student will be kept in the principal's office under supervision until the police/parents arrive.
6. The parents/guardians of any student who has been mentioned as a potential victim, as well as any adult who has been mentioned, either verbally or in writing, will be notified immediately.
7. The student will work from home and will not be considered for readmission to the classroom unless and until the following steps have been completed.
 - a. The principal must receive a report from the police, either written or verbal. That report should include notification of whether the child will be charged with any crime as well as an assessment of the child's access to weapons.
 - b. A comprehensive mental health evaluation and risk assessment must be conducted by an independent psychiatrist or psychologist. If a psychiatrist performs the primary evaluation, he or she will determine whether it is necessary to utilize a psychologist for psychological consultation or testing. If a psychologist performs the primary evaluation, he or she shall determine the need for psychiatric consultation.
 - c. The principal will, after obtaining the permission of the parents, provide the mental health care professional with all relevant facts, including but not limited to aggressive behavior, details of the threat as known to the principal, copies of any drawings, writings, or electronic content, disciplinary history of the student, behavioral concerns, and the names of any known victims or potential victims.
 - d. The principal shall receive a written, comprehensive, detailed evaluation and report and documented treatment plan from the mental health care professional stating the basis (factual and risk factors and testing results) upon which it has been determined that the student does or does not pose a danger to self or others. The report must address the concerns raised by the principal to the mental health care professional. The evaluation and report must be delivered to the principal. The principal will share them with legal or mental health care consultants, as well as any members of the school or parish administration who

will assist the principal in the decision regarding readmission of the student to the school.

8. If the psychiatrist or psychologist recommends readmission, and if the principal is satisfied with the report given, the principal will, after consideration, including a conference with the parents, decide whether to re-admit the child. The outcome of the investigation, including the police and mental health reports, will be considered as

determining factors in the decision whether to re-admit. This decision will not be finalized until after an initial meeting with the parents. The decision will not be made or announced at that meeting. Any decision on whether to re-admit will require consultation with the pastor.

9. Disciplinary action including suspension/expulsion will be administered as appropriate.

10. If the student is readmitted to the school, the mental health care professional must, at the principal's or pastor's request, provide a follow-up assessment of the student within 30 days. The principal must be provided with a copy of the follow-up assessment and evaluation, and any recommendation for therapy, counseling, or other treatment. Cooperation with recommendations for continuing care will be a condition of readmission and continued enrollment.

11. Counseling will be made available to children who are victims of the threatening behavior or who observed the threatening behavior if it is determined that such counseling is needed and parent permission is received.

12. Documentation from the mental health care professional concerning the student is to be placed in a separate, confidential file and will not be a part of the student's academic file. Only the principal and/or pastor should have access to these files. This documentation will be kept for a period of one year beyond the time when the child leaves the school as a result of expulsion, withdrawal by parent/guardian, or graduation before being destroyed.

This policy will be reviewed periodically or as needed to accommodate changes, as mental health professionals are continually addressing the area of risk assessment for violent or potentially violent behavior.
